

MURRAY DARLING BASIN AUTHORITY – INTEGRATED FITOUT

Client: Murray Darling Basin Authority

Value: \$7 Million

Completion: 2017

change^{pm} were engaged by the Murray Darling Basin Authority (MDBA) to provide Project Management Services to relocate and consolidate their offices to 33 Allara Street, Civic. As the key client point of contact, **change^{pm}** were responsible for confirming the project brief and design and delivery management for the 3,870m² purpose-built premises.

change^{pm} provided the following services:

- Design management
- Extensive value identification/management
- Project feasibility advice
- Procurement
- Contract establishment and management
- Project delivery, controls and reporting
- Commissioning and handover
- Extensive stakeholder engagement phase
- Project scoping and brief definition
- Statutory approvals management

change^{pm} worked to successfully deliver this project on a fast-tracked schedule to avoid MDBA being required to pay dual rent. This project was delivered exceeding the developer's quality and cost expectations.
